

Canfor Southern Pine Sustainable Forestry Initiative® Standard Implementation Policy

Canfor Southern Pine (CSP) is committed to implementing and achieving the Sustainable Forestry Initiative® (SFI) 2022 Fiber Sourcing Standard in its procurement of wood to supply its manufacturing facilities in North and South Carolina, Georgia, Alabama, Mississippi, Arkansas, and Louisiana.

CSP is committed to following the SFI Principles for sustainable forestry related to:

1. Sustainable Forestry
2. Forest Productivity
3. Protection of Water Resources
4. Protection of Biological Diversity
5. Aesthetics and Recreation
6. Protection of Special Sites
7. Legal Compliance
8. Research in sustainable forest management
9. Training and Education
10. Community Involvement and Social Responsibility, and Respect for Indigenous Rights
11. Transparency
12. Continual Improvement and
13. Responsible Fiber Sourcing

CSP is committed to compliance with applicable federal, state and local laws and regulations, including social laws, and takes appropriate steps to comply. This includes the implementation of state water quality Best Management Practices. It also promotes forest certification with family forest owners and encourages loggers to participate in appropriate logger training programs and be considered Qualified Logging Professionals.

To implement and achieve the 2022 SFI Fiber Sourcing Standard, CSP has developed and adopted programs and plans to guide its wood procurement activities. These programs and plans are contained in the SFI Evidence Manual and the SFI Procurement Program. CSP's SFI program is reviewed by the company's management annually to support our commitment to continuous improvement.
